

BELKIN®

Enhanced Wireless Router

STRONGER HOME CONNECTIVITY

Lifetime Warranty and Free 24/7 Technical Support

Connecting the Enhanced Wireless Router to your cable or ADSL modem lets you share your broadband internet account with all your networked computers. Now you can quickly and efficiently exchange documents, share resources and stream digital music throughout your network.

For the most reliable network performance and to achieve coverage ideal for a home or office, use this router with the Belkin Enhanced USB Adapter (Sold Separately). The combination provides a wireless experience perfect for sharing your internet connection, surfing the web and demanding network applications.

The Enhanced N150 range is 802.11b/g certified and based on the 802.11n technology. This range will give you 802.11n performance up to 150Mbps at a more affordable price.

Benefits

- 4 Ethernet Ports for Wired Connections
- Supports Wi-Fi Protected Setup Push button for simple wireless security setup
- Easy setup Assistant and troubleshooting with Network Status Display
- The Network Status Display shows the status of your network. The icons represent each component of your network and show you whether or not each device is working properly
- Free Technical Support
