

USB Mouse

Navigate your documents with solid performance

This USB Mouse from Belkin, in black, features superior-quality construction, and a solid entry-level design sure to provide an ideal, simple solution for users interested in basic functionality. It works seamlessly through your computer's USB connector. Belkin mice are manufactured with high-impact plastic, micro-switch buttons, and precision-engineered internal components—all at an affordable price.

Our software provides you with multiple programming options designed to enhance your productivity as well as your total computing experience. It enables one-click selection of your favorite sites, applications, or most frequently used commands such as double-click, copy, and paste.

Backed by our Lifetime Warranty and superior technical support, the Belkin USB Mouse is your right choice at the right price.
