

Control your servers from a compact 1U rack-mount console

Unique single-rail system offers a compact LCD console with high-quality video and laptop-style keyboard

The Belkin LCD Rack Console enables system administrators to conveniently control racked servers from a single, secure, compact console. With its slim design, the Rack Console fits a standard 19-inch rack, ensuring clearance for the full extension of the LCD and keyboard.

Its unique single-rail system lets the LCD panel slide easily from the server rack. The Rack Console offers other advanced features such as a key-locking mechanism to prevent unauthorized access, and cable-management arms that organize console cables as the drawer extends and retracts. Available in 17-inch color displays, it delivers 1024x768@65Hz and 1280x1024@65Hz resolution, respectively, through a protected, tempered-glass overlay.

The Rack Console works with any KVM switch from Belkin or other vendors and conveniently offers PS/2-platform support.

Benefits

Flexible

- Features grade-A, 17" LCD, TFT, active-matrix color panel for high-quality images, especially for viewing multiple applications
- Delivers 1280x1024@65Hz resolution through a protected, tempered-glass overlay for best visual performance
- Features single-rail design to enhance sliding performance and save rack space
- Integrates compact 106-key function keyboard, including numeric 10-key pad with centrally located touch pad for optimal ergonomics
- Features adjustable brackets for broadest rack compatibility and ease of installation

Simple

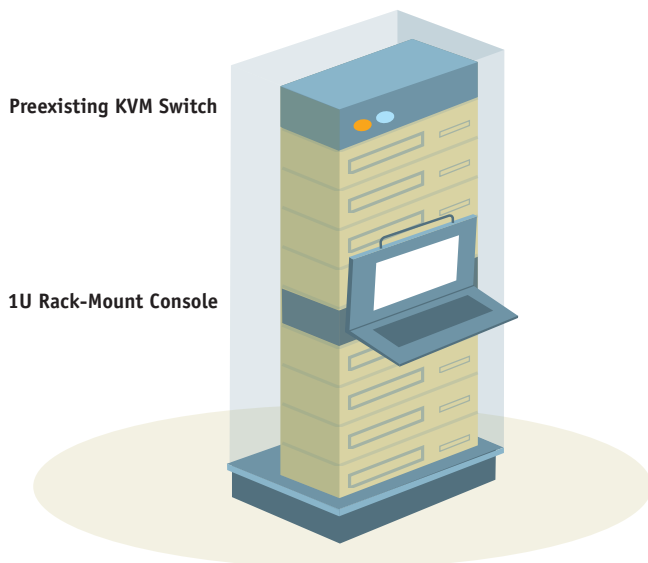

- Adjusts LCD easily with front-panel controls
- Provides up to 115-degree monitor rotation for viewing flexibility

Secure

- Includes a key-locking mechanism to prevent unauthorized access to console or servers

Protected

- Works with KVM switch systems from Belkin or other vendors
- Comes with a Belkin 2-Year Warranty

Product Specifications

Part Number:	F1DC101Sxx
Enclosure:	Heavy-duty steel Auto-switching 100 to 240VAC
Power:	50 to 60Hz 48 watts
Dimensions:	19 (D) x 17.7 (W) x 1.70 (H) in. (482.6 x 449.6 x 43.18mm)
Weight:	26.9 lbs. (12.2kg.)

Console Specifications

Display Type:	17" LCD active matrix color
Resolution:	Up to 1280x1024
Video Type:	VGA
Contrast Ratio:	450:1
Brightness:	250 cd/m2 typical
Pixel Pitch:	0.264mm x 0.264mm
Panel Color:	16.7 million display colors
Viewing Angle:	115 degrees
Response Time:	Rising 2ms, decay 14ms
Keyboard/Mouse Type:	Laptop-style, integrated, high-quality keyboard with touch pad
Keyboard Connection:	PS/2
Mouse Connection:	PS/2
Operating Life of Individual Keys:	8 million cycles

Other Specifications

CPU/KVM Ports:	1
CPU/KVM Port Type:	HDDDB15 (VGA), miniDIN6 (PS/2)
CPU/KVM Platforms:	VGA, PS/2

Warranty

2 years

Systems Supported

Windows® 95, 98, 2000, Me, NT®, or XP; DOS; Linux®, Novell® NetWare® 4.x, 5.x
