Any such installation voids the warranties provided herein. The Belkin Connected Equipment Warranty does not protect against acts of God (other than lightning) such as flood or earthquake or against war, vandalism, theft, normal-use wear and tear, erosion, depletion, obsolescence, abuse, damage due to low voltage disturbances (i.e. brownouts or sags), non-authorized program, or system equipment modification or alteration.

This warranty is valid only for the original consumer or other end-user of the product and does not confer any rights on any other persons. The original consumer or other end-user must retain the original receipt or both the warranty to repair or replace the Belkin Surge Suppressor and the Belkin Connected Equipment Warranty are void.
