Retractable Modem Cable

Application:

The Belkin line of phone accessories offers a variety of products designed to install, expand and upgrade home/office telephone, fax, and modem systems. The Belkin Retractable Modem Cord is designed to help manage and eliminate tangled modem cords.

Instructions:

- Connect the plug of the Retractable Modem Cord into your modem.
- Connect the other end into your wall outlet via BT adaptor supplied (UK) or to run extended distances attach other end into coupler and use with the Belkin F8V103 & F8V104 series of extension line cord.
- To retract cord, push auto retract button.
