## Hi-Speed Internet Modem Cable

This Belkin High Speed Internet Modem Cable is guaranteed to give you the fastest Internet access possible with data transmission speeds of up to 100Mbps. Our high speed modem cable features Signal Exact Twist™ technology, Category 5 cable construction and 24K Gold Plated contacts, which allows your modem to achieve maximum performance. When compared to regular phone cables, our Internet Modem Cable delivers a signal 10 times stronger and faster than the standard cable.

Belkin Pro Series cables have a certain assurance and excellence about them that is immediately obvious. It is the proprietary look and feel of unsurpassed quality. Our exclusive wiring design and superior cable technology guarantee peak performance and optimal data transmission.

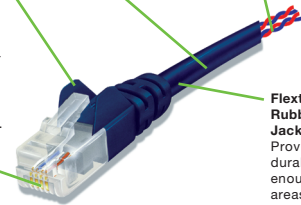

### Belkin Lifetime Product Warranty

For the life of the product, Belkin warrants that this product shall be free of defects in design, assembly, material, and workmanship (free replacement).

**Category 5 Structured Cable**  
Transmits data up to 100Mbps per second.

**Snagless Molded Strain Relief**  
Provides added strength with flexibility even under extreme conditions, also protects effectively against damage to RJ11 tab.

**Gold Plated Copper Contacts**  
Provide maximum conductivity with no data loss.

**Signal Exact Twists™**  
Maintain signal integrity and prevent Radio Frequency noise and interference.

**Flextec™ PVC Rubberized Cable Jacket**  
Provides added durability, yet flexible enough for use in tight areas.
