

## Bluetooth™ Wireless Input Devices

*Enjoy the freedom and convenience of wireless computing*

Belkin brings you new products using *Bluetooth* wireless technology, the interface that gives you fast, simple control of your computing devices—without cables. Belkin offers the *Bluetooth* Wireless Desktop that makes working on your computer and connecting your *Bluetooth* devices easier than ever. The *Bluetooth* Wireless Desktop includes the *Bluetooth* Wireless Optical Mouse, the *Bluetooth* USB Adapter, and the *Bluetooth* Wireless Keyboard in one convenient package.

Designed to fit in the right hand, the *Bluetooth* Wireless Optical Mouse gives you ergonomic comfort and advanced features. It allows you to navigate your desktop with optical precision from within 10 meters of your computer.

The *Bluetooth* Wireless Keyboard gives you the accuracy and high performance of a conventional keyboard along with freedom from cables. It adds functionality with seven keys for multimedia control and eight for Internet access. Our included *Bluetooth* USB Adapter enables your desktop or notebook computer to work with your *Bluetooth* Keyboard and Mouse, and lets you connect up to seven other *Bluetooth* devices.

### Benefits

- Works with wireless convenience, using the *Bluetooth* interface
- Features a comfortable, ergonomic design
- Works at distances of up to 10 meters (33 ft.)\*
- Installs and operates easily
- Consumes less power and extends battery life
- Connects up to 7 *Bluetooth* devices at one time through included *Bluetooth* USB Adapter

### Keyboard Benefits

- Offers 108-button support
- Includes 15 Internet, multimedia, and application program keys

### Mouse Benefits

- Delivers the accurate response of optical technology
- Navigates easily using 3 buttons and the scroll wheel

\*10m range is dependent upon environment, number of users, and other wireless devices within immediate proximity.

## Bluetooth™ Wireless Input Devices

### Product Specifications:

#### Keyboard Specifications

<b>Bluetooth Compliance:</b>	Version 1.1, compatible to <i>Bluetooth</i> HID Profile 0.95c	<b>Batteries Required:</b>	2 AA (included)
<b>Operating Frequency:</b>	2.402 to 2.4835GHz	<b>Battery Life:</b>	25 days under normal usage, 100 days standby
<b>Output Power:</b>	Class II (<4 dBm) RF output power	<b>Dimensions:</b>	18.5 (W) x 7.25 (L) x 1.5 (H) in.

#### Mouse Specifications

<b>Bluetooth Compliance:</b>	Version 1.1, compatible to <i>Bluetooth</i> HID Profile 0.95c	<b>Pointing Device:</b>	Optical, 800dpi
<b>Operating Frequency:</b>	2.402 to 2.4835GHz	<b>Batteries Required:</b>	2 AA (included)
<b>Output Power:</b>	Class II (<4 dBm) RF output power	<b>Battery Life:</b>	25 days under normal usage, 90 days standby
		<b>Dimensions:</b>	3 (W) x 5.25 (L) x 1.75 (H) in.

#### USB Adapter Specifications

<b>Bluetooth Compliance:</b>	Version 1.1	<b>Data Rate:</b>	723/57.6Kbps
<b>Physical Interface:</b>	USB UHCI/OHCI 1.1-compliant	<b>Dimensions:</b>	1 (W) x 2.5 (L) x .25 (H) in.
<b>Operating Frequency:</b>	2.402 to 2.4835GHz	<b>Supply Voltage:</b>	5.0V DC (USB)
<b>Output Power:</b>	0 dBm, Class II		

#### Supported Profiles

**The services supported by your USB Adapter are defined as "Profiles". Available Profiles include:**

Serial Port	File Transfer
Personal Area Network	Human Interface Device
LAN Access	Hardcopy Cable Replacement
Dial-Up Networking	Headset
Object Exchange	Audio Gateway
Synchronization	Fax

**Your USB Adapter gives you the ability to do the following—without cables:**

Transfer files	
Access dial-up networks	
Connect to local area networks
