

## Hi-Speed USB 2.0 Gold Cable

Connect your USB devices for ultrafast transfers

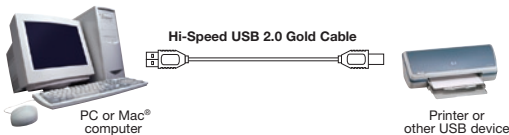

Guaranteed to deliver the full performance potential of USB, the Hi-Speed USB 2.0 Gold Cable features gold-plated connectors and contacts. This Cable provides maximum conductivity and error-free transmissions at up to 480Mbps—40 times faster than USB 1.1. Use it to connect your USB device to your PC or Macintosh® computer.

Our cables are fully tested and certified by Belkin to be compliant with current USB standards. We've built this cable to strict criteria, and we back its quality performance with a five-year product warranty.

### Benefits

- Meets industry requirements with heavy-gauge power wires
- Bends easily, for durability and fit using molded-strain relief construction
- Reduces cross talk and interference with copper-foil inner shield
- Retains perfect fit with ground indents
- Maximizes conductivity and prevents corrosion using gold-plated connectors and contacts

Perfect for:
