

RECORD SHARE PLAY

Belkin's GoStudio is a portable, easy-to-use handheld audio recorder designed to stand up to the rigors of a mobile digital lifestyle. With the built-in microphones, combo jacks for third-party microphones, level and gain controls, a headphone jack, and built-in speaker to play back recordings on the go, the GoStudio easily integrates into the lifestyle of the modern digital content creator. It also provides a great way for users to explore audio recording.

Features:

- 2-channel handheld audio recorder
- 2 combo-jack inputs for microphones (1/4" and XLR)
- 3.5mm input jack
- 2 built-in stereo microphones
- Built-in speaker
- Limiter and low cut filter

GoStudio Customer Profile:
