- ▶ PC or Macintosh Computer with free USB port
- ▶ Windows® 98, 98 SE, 2000, Me, or Mac® OS 8.1 and higher

Package Includes

- ▶ Belkin 7-Port USB Hub
- ▶ USB Device Cable
- ▶ 6v, 4.0 Amp. AC Power Adapter

• Connect the 7-Port Hub to your computer.

Using the included USB cable, connect the square USB "B" connector on the 7-Port Hub to the USB port on your computer. If your computer is powered on, the USB 7-Port Hub will be detected automatically and configured. If your computer is off, when you turn on your computer, the USB 7-Port Hub will be detected and configured.

• Attach your devices to the Hub!

That's all there is to it!
