Belkin's Easy Transfer Cable for Windows® 7

(Tuggerah, NSW) – October 21, 2009 – Belkin announces its new Easy Transfer Cable for Windows 7, providing a fast and easy way to migrate emails, contacts, files, music, photos, user accounts, and more from your PC running an older version of Windows to a new Windows 7 computer. Designed specifically for the Windows Easy Transfer utility from Microsoft, the Easy Transfer Cable simplifies the transfer process with uninterrupted transfer and a post-migration report that provides comprehensive details of what was transferred.

Features:

- A fast and easy way to migrate emails, contacts, files, music, photos, user accounts, and more
- USB 2.0 Hi-Speed (480Mbps) and fully backward-compatible with USB 1.1 low-speed (12/1.5Mbps)
- Officially designed for Microsoft Windows Easy Transfer utility
- Windows 7 32- and 64-bit certified
- Two USB type-A male connectors

System Requirements:

- One destination PC running Windows 7 (32- or 64-bit)
- One source PC running Windows XP SP2 (32- or 64-bit) or Windows Vista® SP1 (32- or 64-bit)
- 40MB hard-disk space and CD-ROM drive on the source PC

**Does not support transfer of software programs*

About Belkin International, Inc.

Belkin offers a diverse product mix that provides people with seamless electronics integration in their homes, cars, and on the go. Founded in California in 1983, Belkin is a privately held company and the recognized leader in connectivity solutions, in addition to accessories for iPod® devices, computers, and more. We provide extensive solutions for networking, home theatre—with our PureAV® line of cables, power, and digital wireless accessories—and many more categories. You can view them at www.belkin.com/anz, as well as through a network of major distributors, resellers, and superstores.

Belkin's phenomenal growth has led to our expanding global presence. In addition to corporate headquarters in Los Angeles, we now have offices throughout Europe—in the United Kingdom, the Netherlands, and Germany, among others—and in the Asia Pacific region, including Australia, Shanghai, and our regional headquarters in Hong Kong.
