Charge your iPhone, iPod, MP3 and other mobile phones in your car

(Tuggerah, NSW) – August 11, 2009 – Belkin's new Micro Auto Charger with Charge Sync Cable, charges your iPhone, iPod, MP3, and other mobile phones in your car, making it convenient to power up a dead phone or iPod. The Micro Auto Charger is packaged in a compact design and adds no extra bulk to your dashboard. Sitting nearly flush with your dashboard, the Micro Auto Charger still allows room on its lip for you to easily detach it from your dashboard and now includes a USB charge sync cable for your iPhone and iPod.

Features

- Quick-charge USB port for the fastest possible charge
- Charge Sync Cable for iPhone and iPod
- Runs flush to the dashboard to eliminate interference
- LED power indicator - lets you know its charging
- Compatible with most USB charging devices including iPhone, iPod, and mobile phones
- Output DC 5V/1A, Input 12Vdc

*iPod is a trademark of Apple Inc., registered in the U.S. and other countries.

About Belkin International, Inc.

Belkin offers a diverse product mix that provides people with seamless electronics integration in their homes, cars, and on the go. Founded in California in 1983, Belkin is a privately held company and the recognized leader in connectivity solutions, in addition to accessories for iPod® devices, computers, and more. We provide extensive solutions for networking, home theatre—with our PureAV® line of cables, power, and digital wireless accessories—and many more categories. You can view them at www.belkin.com/anz, as well as through a network of major distributors, resellers, and superstores.

Belkin's phenomenal growth has led to our expanding global presence. In addition to corporate headquarters in Los Angeles, we now have offices throughout Europe—in the United Kingdom, the Netherlands, and Germany, among others—and in the Asia Pacific region, including Australia, Shanghai, and our regional headquarters in Hong Kong.
