ZARUKA: Ak chcete získať bezplatné poistenie elektrických zariadení a celoživotnú záruku výrobcu, prečítajte si príbalový leták alebo navštívte stránky www.belkin.com

This warranty applies if you are the original Consumer or Consumer end-user, i.e. if you are a person rather than a company, firm or business and bought or use the product for purposes other than your trade or profession. The word Consumer when used below covers both original Consumer and Consumer end-user.

Belkin Limited ("Belkin") warrants to the original Consumer or Consumer end-user of any Belkin Surge Suppressor for the life of the product that (i) the Belkin Surge Suppressor shall be free of defects in design, assembly, material or workmanship; and (ii) that Belkin will free of charge, repair or replace any defective Belkin Surge Suppressor or refund the cost of the Surge Suppressor in accordance with the preference of the original Consumer or Consumer end-user.

Belkin will pay for the repair or replacement (at Belkin' option) of any equipment owned by the original Consumer or Consumer end-user ("Connected Equipment") which is damaged by a transient voltage surge/spike or lightning strike (an "Occurrence"), while properly connected through a Belkin Surge Suppressor to a properly wired power line with protective ground (the "Belkin Connected Equipment Warranty"). This Belkin Connected Equipment Warranty is subject to the limitations and exclusions set out below. **Nothing in this warranty reduces the Consumer's statutory rights relating to faulty goods.**

Belkin' obligation under the Belkin Connected Equipment Warranty is to spend an amount up to the fair market value of the damaged Connected Equipment or the original purchase price of the Connected Equipment, whichever is the less, up to the maximum set forth below:

If using the F9H102vevCW, up to a maximum of €50.000

if using the F9H102vexCW, up to a maximum of €50.000.

to, at Belkin' option, repair or replace the damaged Connected Equipment. The fair market value of the Connected Equipment shall be the current retail market value of the same or similar model or specification as agreed by Belkin at the time it accepts or approves any claim.

Belkin reserves the right to review the damaged Belkin Surge Suppressor, the damaged Connected Equipment, and the site where the damage occurred. All costs of shipping the Belkin Surge Suppressor and the damaged Connected Equipment to Belkin for inspection shall be borne initially by the original Consumer or Consumer end-user and will be refunded by Belkin if the Belkin Surge Suppressor is found to be faulty and the claim is approved. Belkin reserves the right to negotiate the cost of repairs to the damaged Connected Equipment. If Belkin determines, in its sole discretion, that it is impractical to ship the damaged Connected Equipment to Belkin, it may designate, in its sole discretion, an equipment repair facility to inspect and estimate the cost to repair such Connected Equipment. The cost, if any, of shipping the Connected Equipment to such repair facility and of such estimate shall be borne initially by the original Consumer or Consumer end-user and will be refunded by Belkin if the Belkin Surge Suppressor is found to be faulty and the claim is approved. Damaged Connected Equipment must remain available for inspection until the claim is finalized. In relation to any claim which is settled, Belkin reserves the right to be subrogated (that is, to be substituted for the claimant) under any such insurance policies which such original Consumer or Consumer end-user may have.

All warranties provided herein are null and void if the Belkin Surge Suppressor has been improperly installed, altered in any way, tampered with, or if the Connected Equipment was not used under normal operating conditions or in accordance with any labels or instructions. All Belkin Surge Suppressors must be plugged directly into the power source and must not be "daisy chained" together in serial fashion with other power strips, UPS, other surge protectors or extension cords. Any such installation voids the warranties provided herein. The Belkin Connected Equipment Warranty does not protect against acts of God (other than lightning) such as flood or earthquake or against war, vandalism, theft, normal-use wear and tear, erosion, depletion, obsolescence, abuse, damage due to low voltage disturbances (i.e. brownouts or sags), non-authorized program, or system equipment modification or alteration.

Belkin shall not be liable for losses that were not foreseeable to both parties when the surge suppresser was bought or for losses that were not caused by any breach on the part of Belkin. Belkin' liability shall not in any event include loss of service, loss of software, loss of information, damage to any computer media other than hardware or damage to or loss of any property arising out of the sale or use of any Belkin surge suppresser. Notwithstanding anything to the contrary in this warranty, nothing in this warranty shall be deemed to exclude or limit liability for death or personal injury caused by the negligence of Belkin, under the Consumer Protection Act 1987 or which arises under any safety regulation made under that Act and which such act or regulation does not allow to be excluded or limited, for fraud, or for any other liability which may not be limited or excluded at law.

This warranty is valid only for the original Consumer or Consumer end-user of the product and does not confer any rights on any other persons. This warranty relates to products purchased and used in the UK. The original Consumer or Consumer end-user must retain the original receipt or provide some other proof of purchase otherwise the warranty to repair, replace or refund the Belkin Surge Suppressor and to repair or replace the Connected Equipment under the Belkin Connected Equipment Warranty are void. All damage claims arising under the Belkin Connected Equipment Warranty must be made within 15 days from the date of the Occurrence and must be accompanied by a receipt or other proof of purchase of the damaged Connected Equipment otherwise the Belkin Connected Equipment Warranty is void.

To file a claim under the Belkin Connected Equipment Warranty, you must take the following steps:

1. You must have an original receipt with date of purchase relating to the surge suppressor or other proof of purchase of the surge suppressor.
2. Contact a Belkin Limited Customer Services Representative at 0845 607 77 87 within 15 days of the Occurrence and be prepared to provide the following information:
 - a. The part number of the Belkin Surge Suppressor.
 - b. The equipment that was connected to the Surge Suppressor at the time of the Occurrence.
 - c. The equipment that was damaged during the Occurrence and the extent of the damage.
 - d. The date of the Occurrence.
 - e. Where you purchased the Surge Suppressor.
 - f. When you purchased the Surge Suppressor.
3. Your Belkin Customer Service Representative will then instruct you on how to forward your equipment, receipt, Belkin Surge Suppressor in use during the Occurrence and how to proceed with your claim.
