

RJ45 FastCAT™ 5e Patch Cable, 5M(15 feet), Gray, Snagless Molded

The RJ45 FastCAT™ 5e cable provides extra headroom over the standard CAT 5e cable and is perfect for use with 10 and 100 Base-T Ethernet networks. Complete with RJ45 male-to-male connectors and a snagless molded strain relief.

Description:

What is a Category 5e patch cable? Think of it as the street that links the houses on your block and all the destinations in town. In actuality it's a cable that connects all the hardware destinations on a Local Area Network (LAN). The RJ45 Fast CAT5e cable provides extra headroom over the standard CAT5e cable and is perfect for use with 10 and 100 BaseT networks. Complete with RJ45 male-to-male connectors and a snagless molded strain relief.

Advantages:

- Exceeds the performance requirement of Category 5e.
- PowerSum tested.
- Available in a variety of colors.
- Perfect in conjunction with 10 Base -T and 100 Base -T networks.
- 50 micron gold plated connectors to ensure a clean and clear transmission.
- This product is guaranteed for life!
- Snagless molding protects the RJ45 tap from being damaged during installation.
