

Pro Series Non-IEEE Parallel Printer Cable (A/B) - 6 feet (1.8M) - F2A036b06

You've purchased the printer of your dreams, but a faulty printer cable keeps sending it error filled data. A Belkin Standard Series Bi-Directional printer cable will keep those dream machines error free. This Standard Series Printer Cable links your Centronics 36 female port printer to your female DB25 PC port. Featuring our exclusive wiring design and cable technology, which guarantees optimal performance and data transfer.

Product Features:

- State-of-the-art-wiring design ensures 100% compatibility with all devices 100% of the time.
- Oversized ergonomic thumbscrews make installation a breeze.
- Gold plated copper contacts provide maximum conductivity and keep data loss to a minimum.
- A Belkin certified lifetime warranty.
- Molded strain relief and PVC overmolding to ensure a lifetime of error-free data transmission.
- Ground indents provide excellent conductivity and retention with mating conductors.
- Aluminum undermold shielding helps to meet FCC requirements on EMI/RFI interference.
- 28 AWG stranded tinned copper conductors are individually insulated in polypropylene to minimize cross talk, ensuring high-speed, error-free transmission.
- PVC premold encapsulates individual conductors to ensure electrical isolation and relieve stress.
