

## 5-Port Gigabit Switch - F5D5141ea5

The Belkin 5-Port Gigabit Switch allows you to easily upgrade your network to achieve gigabit transfer speeds. Backward-compatible with your existing 10/100 network, this Switch simply plugs in for instant high performance. It provides your servers and workstations the capacity to transfer large video, audio, and graphic files throughout your network - at gigabit speeds.

Lifetime Warranty

### Product Features:

- Adds 5 high-speed, dedicated 10/100/1000 Ethernet ports
- Installs quickly, and offers convenient backward-compatibility
- Auto-senses and adjusts for network speed and cabling type automatically, for easy integration into your existing 10/100 Ethernet network
- Features compact form factor, durable metal chassis, and fan-less design for quiet assimilation into home or small-office environments
- Comes with a Belkin Lifetime Warranty and free technical support
