AV20600qp

Benefits

- Delivers better audio clarity and a more natural-sounding midrange with superior-grade, 99.99%-purity, balanced, copper conductors
- Generates better high frequencies and a more realistic stereo image using precision-formulated, polyethylene dielectric material
- Creates precise contact and increased durability with a split-tip center pin and 6-cut, corrosion-resistant, 24k gold connectors
- Provides maximum isolation from electromagnetic and radio frequency interference with double-shielded construction
- Isolates noise with 100%-coverage aluminum/Mylar foil shield
- Creates a second layer of protection with copper spiral shielding
