

USB 4-Port Hub for Mac® mini - F5U264uk

The Hi-Speed USB 2.0 4-Port Hub for Mac mini lets you connect up to four high-speed devices to your Mac mini. Two USB 2.0 ports located on the front of the Hub provide fast and easy connectivity for USB thumb drives, media readers, digital cameras, and small accessories such as the Apple® iPod and iPod shuffle, and more. Our convenient Hub also lets you connect up to two devices without a power adapter. Now you can enjoy the convenience of four downstream USB ports compatible with both Hi-Speed USB 2.0 and USB 1.1 (low- and full-speed) devices.

Product Features:

- Includes a Belkin Lifetime Product Warranty
- Offers compatibility with iPod®; iPod shuffle, printers, digital cameras, and thousands of other USB devices
- Provides low-profile design to organize and save space on your desktop
- Allows you to stack either the Hub or Mac mini on top
- Connects up to 2 devices without a power adapter
- Works with Hi-Speed USB 2.0 and USB 1.1 (low- and full-speed) devices
- Adds four 480Mbps downstream ports
- Features 2 front-loading USB ports for easy access
