

The Regulator Pro™ Gold Series - F6C325u220V

Darn power. Out again. I know there's a flashlight in this drawer somewhere. Wouldn't it be great if I could use the glow from my monitor to help find my flashlight? Wait, why is my PC powered? Oh yeah, my Regulator Pro™ UPS battery backup. I have no worries.

The 325VA Regulator Pro™ UPS battery backup with Automatic Voltage Regulation (AVR) protects against all power disturbances - including brownouts and blackouts. Features a £30,000 equipment and Data Recovery Warranty.

Características del producto:

- 325VA with up to 17 minutes of backup time so you can shut down your computer and save data during a blackout.
- AVR technology is a line-conditioning feature that provides clean and consistent power.
- £30,000 connected equipment warranty because Belkin only provides the best.
- Data Recovery Warranty so you can sleep easy.
- 320 Joule energy rating provides maximum protection for home theaters and multimedia computers.
- Electro Magnetic Interference/Radio Frequency Interference noise filtration.
- AC line, replace battery, and on battery LEDs for easy UPS management.
