

## The Regulator Pro™ Gold Series - F6C425u220V

Darn power. Out again. I know there's a flashlight in this drawer somewhere. Wouldn't it be great if I could use the glow from my monitor to help find my flashlight? Wait, why is my PC powered? Oh yeah, my Regulator Pro™ UPS battery backup. I have no worries.

The 425VA Regulator Pro™ UPS battery backup with Automatic Voltage Regulation (AVR) protects against all power disturbances - including brownouts and blackouts. Featuring a £40,000 equipment and Data Recovery Warranty

### Características del producto:

- 425VA with up to 24 minutes of backup time so you can shut down your computer and save data during a blackout.
- AVR technology is a line-conditioning feature that provides clean and consistent power.
- £40,000 connected equipment warranty for added security.
- Data Recovery Warranty because Belkin provides only the best.
- Multiple sockets to protect PC, monitor and other peripherals.
- EcoPower&#153; Battery Replacement Programme.
- Free shutdown software and RS232 cable included so your computer will automatically shutdown, and save data during a blackout.
- RJ11 and RJ45 line protection.
- 1.8metre RJ11 cable included.
- Electro Magnetic Interference/Radio Frequency Interference noise filtration.
- AC line, on-battery and replace battery LEDs for easy access to UPS status.
