Características del producto:

- Undermold shield helps to prevent radio frequency and electro-magnetic Interference (EM/RFI). Hood shielding eliminates antennae excitation.
- Impedance matched twisted pair construction helps to minimize cross talk, ensuring high-speed, error-free transmission.
- Foil and braid shield complies with fully rated cable specifications reducing EM/RFI interference.
- Gold plated copper contacts provide maximum conductivity and minimizes data loss.
- Flexitec® #153 cable jacket is extremely flexible for use in tight areas.
- HotPluggable.
- Supports up to 127 devices on a daisy-chain configuration.
- Fully compatible with Macintosh® #174.
- Belkin lifetime warranty.
- Exceeds USB specifications.
- 20-gauge high performance power wires ensure maximum USB performance.
- Tactilite® #153 molded strain relief provides a 360-degree turning radius for true protection against damage to the conductors.
- 24K gold plated corrosion-proof connectors for maximum conductivity and a clean clear transmission.
- Fast 480 Mbps transmission speed
