Características del producto:

- Fast, 12Mbps/sec transmission speed.
- 20-gauge high performance power wires ensure maximum USB performance.
- Clear ice color makes it color compatible with any iMac®.
- Belkin lifetime warranty.
- Molded strain relief and PVC overmolding to ensure a lifetime of error-free data transmissions.
- Supports up to 127 devices on a daisy-chain configuration.
- HotPluggable.
- Exceeds USB specifications.
- FlexiCable™ cable jacket is extremely flexible for use in tight areas.
- Gold plated copper contacts provide maximum conductivity and minimizes data loss.
- Foil and braid shield complies with fully rated cable specifications reducing EMI/RFI interference.
- Impedance matched twisted pair construction helps to minimize cross talk, ensuring high-speed, error-free transmission.
- Undermold shield helps to prevent radio frequency and electro-magnetic interference (EMI/RFI). Hood shielding eliminates antennae excitation.
