

PureAV™ Blue Series Digital Camera Cable, Hi-Speed USB 2.0 Mini B - AV22201ea

Designed for high-end digital devices, this PureAV Digital Camera Cable provides superior performance with portable devices such as MP3 players, digital cameras, and digital camcorders. It offers an ideal way to connect media devices to digital receivers and video recorders for media-on-demand services such as music downloads and streaming video.

Características del producto:

- Connect media devices to digital receivers and video recorders.
- Supports data transfer speeds up to 480Mbps for ultrafast downloads
- Improves clarity with superior-grade, 99.99% oxygen-free copper conductors
- Maintains low signal loss using precision-formulated, polyethylene dielectric
- Provides superior isolation from EM/RF interference with triple shielding
- Provides ultralow signal loss and improves power handling with high-quality, heavy-gauge wires
- Creates precise contact and increased durability with corrosion-resistant, 24k gold connectors
- Available in the following lengths: 1.8m and 3.7m
