

PureAV™ Blue Series Digital Camcorder FireWire Cable, FireWire 4-Pin to 4-Pin - AV22002ea

FireWire 4- to 4-Pin Cables provide an ideal hookup for digital devices with FireWire® inputs such as camcorders, DVD players, VCRs, set-top boxes, TVs, AV receivers, and notebook computers. They are also convenient for networking PS/2 consoles.

This PureAV FireWire 4- to 4-Pin Cable meets industry requirements and allows for ultrafast data transmission. It offers exceptional protection against interference for fast, high-quality audio and video transfer.

Características del producto:

- Connect your digital camcorder to your notebook, HDTV or DVD player
- Delivers better audio video clarity and data integrity with superior-grade, 99.99% oxygen-free copper conductors
- Maintains signal strength using precision-formulated, polyethylene dielectric material
- Provides maximum isolation from EM/RF interference with quad-shielding
- Provides ultralow signal loss with high-quality, heavy-gauge wires.
- Creates precise contact and increased durability with corrosion-resistant, 24k gold connectors
- Available in the following lengths: 1.8m and 3.7m
