

Powerbook SCSI Adapter - F2N985

When John Atanasoff constructed the first semi-electronic digital computer, the HDI30 Male to DB25 Female Pro Series Apple® PowerBook SCSI adapter. Converts a HDI30 female PowerBook SCSI port to a DB25 SCSI port. Permits an Apple SCSI system cable with a DB25 male connector to interface with a PowerBook computer.

Características del producto:

- State-of-the-art wiring design ensures 100% compatibility.
- Gold plated copper contacts for a clean, clear transmission.
- The Belkin Lifetime Warranty.
- Ground indents provide excellent conductivity and retention with mating connector.
