

Pro Series VGA Monitor Extension Cable with Thumbscrews - F2N025-10-T

Pro Series VGA Extension Cable extends the length of any existing Super VGA monitor cable with high-density DB15 connectors.

Características del producto:

- State-of-the-art wiring design ensures 100% compatibility with all devices 100% of the time.
- Flextec®trade: cable jacket is very durable and extremely flexible for use in tight areas.
- Oversized ergonomic thumbscrews on both ends make installation a breeze.
- Full lifetime warranty.
- 24K gold plated copper contacts provide maximum conductivity with no data loss.
- Ground indents provide excellent conductivity and retention with mating connectors.
- PVC premold encapsulates individual conductors to ensure electrical isolation and relieve stress.
- Aluminum undermold shield helps to meet FCC requirements on EMI/RFI interference.
- 28 AWG stranded tinned copper conductors are individually insulated in polypropylene to minimize cross talk, ensuring high-speed, error-free transmission.
