

## The Regulator Pro™ Gold Series - F6C625u220V

Darn power. Out again. I know there's a flashlight in this drawer somewhere. Wouldn't it be great if I could use the glow from my monitor to help find my flashlight? Wait, why is my PC powered? Oh yeah, my Regulator Pro™ UPS battery backup. I have no worries.

The 625VA Regulator Pro™ UPS battery backup with Automatic Voltage Regulation (AVR) protects against all power disturbances - including brownouts and blackouts. Features a \$100,000 equipment and Data Recovery Warranty.

### Características del producto:

- \$100,000 connected equipment warranty for extra assurance.
- 625VA with up to 41 minutes of backup time so you can shut down your computer before you lose your data during a blackout.
