

Nostromo n30 Game Mouse - F8GDPC001ea

TouchSense™ technology from Immersion lets your n30 GameMouse transform digital information into physical sensations. In a game, it gives you realistic responses as you play. Feel gun blasts, your motorcycle's impact on hitting the ground, or your car hitting a wall. It adds a something extra to your desktop, creating multiple vibrating sensations as you navigate desktop levels and menus, documents and web pages.

Características del producto:

- TouchSense Technology from Immersion.
- Three Buttons
- Scroll Wheel
- Innovative Wing for enhanced grip and easy button access
- Rugged, aggressive feel.
- Versatile gaming tool can also be used as standard Windows mouse for all of your desktop navigation needs.
