IEEE 1394 FireWire® Compatible Cable (6-pin/6-pin) - 1.8 metre(6foot) - F3N400ea06-ICE

A bolt of information shoots through your Belkin FireWire® cable to your PC. Now your digital camcorder is interfacing with your computer like never before. Finally, a high-speed serial bus that bridges the world of consumer electronics and computers.
The IEEE 1394 FireWire® Compatible Cable attaches a PC device (6-pin port), to your computer (6-pin port) at a transmission rate of up to 400Mbps. Compatible with all Apple® FireWire® and Sony i.LINK® devices.

©2000 Belkin Components

Características del producto:

- Up to 400 Mbits/sec High Speed Data transmission.
- Quad shielding (S-400 specification) ensures maximum speed with no data loss.
- Apple® FireWire® and Sony i.LINK® compatible.
- Plug and Play Technology.
- Lifetime Warranty.
- HotPluggable.
- Twisted pair construction for extreme velocity data transfer rates.
- Molded strain relief and PVC overmolding to ensure a lifetime of error-free data transmissions.
- Outer shield and inner shield (foil and braid) ensures compliance with the latest IEEE 1394 standards, which reduces radio frequency and electro-magnetic interference.
