

USB 2.0 Lighted Mouse Pad and 4-port hub - F8E586eaGLO

Add a little fun and a lot of functionality to your desktop with the Belkin USB 2.0 Lighted Mouse Pad and 4-Port Hub. The Mouse Pad has a smooth surface that improves the functionality of both ball mice and optical mice. When connected to your computer's USB port, a soft blue light radiates from the mouse pad lighting up your workspace. The 4 Hi-Speed USB 2.0 ports on the mouse pad allow you to connect high-speed devices such as Media Readers, Flash Drives and external hard drives. The Mouse Pad is backwards compatible with USB 1.1 and can also be connected to Full-Speed and Low-Speed devices, such as your mouse, keyboard or USB printer. And installation is a breeze, simply Plug-and-Play. A pleasure to work with, and to look at!

Product Features:

- Adds 4 USB 2.0 speed ports to your desktop
- Ideal to connect all USB 1.1 and 2.0 devices such as your mouse, mediareader, keyboards etc.
- Smooth surface improves functionality of ball mice and optical mice
- USB plug-and-play ease
- Beautiful soft light effect
- Especially nice if used with the F8E586eaGLO optical Glow Mouse
- Package Includes . USB 2.0 Lighted Mouse Pad and 4-Port Hub
- System Requirements . Free USB 2.0 port on your computer for Hi-Speed mode
- Windows Reg: 98 SE, Me, 2000, or XP . MAC OS 10.2.8 & built-in support for USB 2.0
