

Pro Series FireWire Cable, 6-pin/6-pin - 1.8M (6 feet) - CF1000aed06

This high-performance Pro Series FireWire Cable from Belkin allows you to easily connect your notebook or other FireWire device to your computer's FireWire port. Designed to work with hot-pluggable, Plug-and-Play PC or Macintosh computers, its 6-pin connectors plugs into your FireWire portable device on one end and to your hub or computer port on the other.

Product Features:

- Quad-Shielding Construction ensures high-speed transmission
- Copper-Foil Inner Shields reduce cross talk and interference
- Moulded-Strain Relief bends easily, for durability and fit
- Easy grip connectors allow easier installation even in tight places
- Manufacturer's Lifetime Warranty
