

Pro Series FireWire Cable, 6-pin/4-pin - 1.8M (6 feet) - CF1100aed06

This high-performance Pro Series FireWire Cable from Belkin allows you to easily connect your digital camcorder or other FireWire device to your computer's FireWire port. It features a 4-pin connector designed to plug into your FireWire portable device and a 6-pin connector that links with the FireWire port on your PC or hub. This cable works with both PC and Macintosh computer platforms.

Product Features:

- Quad-Shielding Construction ensures high-speed transmission
- Copper-Foil Inner Shields reduce cross talk and interference
- Moulded-Strain Relief bends easily, for durability and fit
- Easy grip connectors allow easier installation even in tight places
- Manufacturer's Lifetime Warranty
