

## Pro Series FireWire 800 Cable, 9-pin/4-pin - 4.2M (14 feet) - CF1300aed14

This Belkin FireWire 9-pin to 4-pin cable is the ideal cable interface solution for transferring multimedia images and other large data files. This cable connects FireWire devices with a 4-pin connector, such as MP3 players and camcorders to devices with a 9-pin connector, such as computers and hard drives. For ultra-fast transfer speeds up to 400Mbps.

### Product Features:

- Quad-Shielding Construction ensures high-speed transmission
- Copper-Foil Inner Shields reduce cross talk and interference
- Moulded-Strain Relief bends easily, for durability and fit
- Easy grip connectors allow easier installation even in tight places
- Manufacturer's Lifetime Warranty
