

Pro Series USB 2.0 Cable - USB-A-USB, 6 feet (1.8M) - CU1000aed06

This Belkin Pro Series Hi-Speed USB 2.0 Device Cable connects your USB 2.0 device to your computer for data transfer speeds of up to 480 Mbps- 40 times faster than USB 1.1. It is also backwards compatible with all previous USB versions and is designed to provide excellent conductivity for USB-ready PC and Macintosh computers and for all USB peripheral devices. Available in various lengths.

Product Features:

- Connect a USB device to your computer with data transfer speeds of up to 480 Mbps
- Easy grip connectors allow easier installation even in tight places
- Ground Indents retain perfect fit with connectors
- Braid-and-Foil Shield reduces EMI/RFI
- Moulded-Strain Relief - bends easily for durability and fit
- Copper-Foil Inner-Shield reduces cross talk and interference
- Heavy-Gauge Power Wires for longer lengths (10' and 16')
- Belkin Lifetime Warranty
