

Hi-Speed USB 2.0 4-Port Hub - F5U233ukAPL

Our newest Hub provides four downstream USB ports that are compatible with both Hi-Speed USB 2.0 and USB 1.1 (low- and full-speed) devices. It gives you easy access for quick, temporary connections of USB thumb drives, media readers, small accessories such as USB lights and fans, the Apple iPod shuffle, and more.

Product Features:

- Features patent-pending, top-load USB
- Adds four 480Mbps downstream ports
- Connects up to 2 devices without a power adapter
