

OmniView™ All-In-One Universal KVM Cable Kit 10 feet - F1D9005-10

The OmniView™ All-In-One Universal KVM Cable Kit is the easiest and neatest way to connect all your computers and servers to your KVM switches. These Cable Kits offer high-performance, high quality, and reliability. The All-In-One Universal KVM Cable Kit features nickel-plated connectors and are great for high-resolution applications. The coaxial cabling eliminates picture "ghosting" and fuzzy images, and the ferrite beads on each end of the cable provide superior EMI interference protection. Each cable features two male PS/2 and one male VGA connector on each end. The OmniView™ All-In-One KVM Universal Cable Kit is available in a wide range of lengths from 6 to 35 feet

Product Features:

- Coaxial VGA cabling supports superior image clarity
- Ferrite Bead reduces electromagnetic and radio frequency interference (EMI/RFI)
- Strain relief molding increases durability
- Double shielding and PVC over-molding prevent loss of data
- PC99 color and modified thumbscrews allows for easy installation
- All-In-One design makes connections and setups neat and easy
- UL rated wiring
