

Gold Series All-in-One KVM Cable Kit, PS/2 - F3X1835b06-GLD

The Gold Series All-in-One KVM Cable Kit allows you to connect your PS/2 server to your PRO2, SE Plus, SOHO, or E Series KVM Switch. Gold Series Cables are designed especially to support high-resolution applications where image clarity is crucial. The cables feature gold-plated connectors with a black jacket for maximum longevity, signal integrity, and corrosion resistance. Coaxial VGA cabling is used for optimum performance.

Product Features:

- Feature gold-plated connectors
- Coaxial VGA lines and shielded cables for superb video quality
- Ferrite Bead reduces electromagnetic and radio frequency interference (EMI/RFI)
- High-performance, high-quality cables preserve signal integrity for maximum reliability
- All-in-One design makes connections and setups neat and easy
- Strain relief molding increases durability
- Double shielding and PVC overmolding prevent loss of data
- UL rated wiring
