

Easy Transfer Cable for Windows Vista™ - F5U258ea

Upgrading to a new PC has never been easier. The Belkin Easy Transfer Cable for Windows Vista offers a quick, hassle-free way to transfer your files and settings from your old computer to a new one. Just connect each end of the 2.4 m Cable to the USB ports on both computers. The Windows Easy Transfer Wizard automatically appears and lets you select some or all items to copy. With a couple of clicks, your photos, music, settings and more transfer, without requiring time-consuming CD-burning or a network.

Who?: Customer who owns an XP computer and is purchasing a new Windows Vista computer.

Why?: Copy files, settings, and media from an old XP computer to a new Vista computer.

Solution: Belkin's Easy Transfer Cable automatically copies settings and files from your older XP computer to your new Windows Vista computer.

Includes Free FileMover software

Belkin includes FREE file-transferring software. With "One-Click", FileMover software automatically transfers files, folders, music, photos, video and much more – between your PC's. [Click here to visit the support page for the Easy Transfer Cable](#)
