

Multimedia Reader and Writer ExpressCard™ - F5U213q

Why ExpressCard? ExpressCard, the new standard destined to replace CardBus, effectively quadruples the amount of available computing bandwidth. This results in faster music downloads, smoother streaming video, and lightning-fast access to mass-storage devices.

The Belkin Multimedia Reader and Writer ExpressCard offers the perfect solution for users who want to add a media reader to their notebook computers. The Card is designed to take advantage of the additional bandwidth and features provided by the new ExpressCard I/O interconnection standard. Now you can drag and drop files, images, and music to your computer from your digital camera, PDA, MP3 player, or other device. The ExpressCard future-proofs your computer with technology so advanced that it exceeds the processing-speed capability of many devices currently on the market. Installing the ExpressCard now will give you device-upgrade expansion room for many years to come.

Product Features:

- Transfers files through simple drag-and-drop capabilities
- Lets you download images, music, and files at transfer speeds of up to 480Mbps
- Installs easily into any 34mm or 54mm ExpressCard bus* slot
- Future-proofs your notebook computer for tomorrow's bandwidth-intensive applications

System Requirements:

- Windows®-based notebook computer with available ExpressCard slot
Windows 2000, XP, 2003 Server
Mac OS X 10 and above
