

Travel Adapter - F5L010uk

The Travel Power Adapter eliminates the need for multiple power supplies in today's mobile society. Never will you have to worry about your laptop or mp3 running out of power because the Travel Power Adapter derives power from the most common sources of power, including AC wall sockets and DC power from a car charger.

Use our [Power Tip Wizard](#) to see which tip works with your device.

Product Features:

- Up to 69W of power to increase laptop compatibility
- Guaranteed compatibility for PC laptops up to 17"
- USB Power for iPod, Razr or BlackBerry powering on-the-go
