

Home Adapter - F5L014uk

The Home Office Power Adapter is the perfect addition for laptop users that would prefer to carry one understandable power supply, rather than a bundle of power supplies from home to work.

Use our [Power Tip Wizard](#) to see which tip works with your device.

Product Features:

- Up to 69W of power to increase laptop compatibility
- Guaranteed compatibility for PC laptops up to 17"
- USB Power for iPod, Razr or BlackBerry powering on-the-go
- Automatic voltage adjustment
- Integrated cord-wrap design
- 12 tips included; 1 free tip if your matching Windows-based PC laptop tip is not included
- 3 year warranty with £50,000 connected equipment warranty
- * Will power Dell laptops but will not charge Dell laptop batteries.
