

Connect your iPod to your computer, right on your desktop In-Desk Dock for iPod

The Dock saves your valuable desk space with an easy install right into it, through a 3-inch circular hole. You can now seamlessly charge and play your iPod as you sync it to your computer. A stereo-output jack on the Dock lets you listen to your music through your stereo, powered speakers, or headphones.

Benefits

- Charges and syncs your iPod as you play it
- Includes a stereo-out jack
- Fits into a 3-inch hole in your desk, for quick access
- Includes mounting ring that secures your iPod
- Saves valuable space
- Comes with a Belkin Lifetime Warranty

Note: Requires a 3-inch opening in your desktop or other surface. If your desk does not have a pre-drilled hole in it, you can drill one yourself using a 3-inch hole saw (requires separate purchase, not from Belkin).

Works with:

iPod nano
2nd generation
(aluminum)
2GB 4GB 8GB

iPod
4th generation
(color display)
20GB 30GB 40GB 60GB
