

Network your computers and share your ADSL Internet access

Designed to Meet ADSL2+ Specification

Belkin networking offers an ADSL2+ Modem with 4-port Router that lets you share your ADSL Internet connection, files, and peripherals with multiple computers. It combines two essential networking functions in one innovative product - an ADSL modem with a 4-port router. Your modem-router features an integrated 4-port 10/100Base-Tx Ethernet switch so you can connect your wired computers easily.

- > Allows you to connect to ADSL Internet access and share your high speed connection, data files, and network peripherals with multiple computers
- > Protects your network from outside intrusions by hackers using NAT and SPI firewalls
- > Allows you to connect up to 4 wired computers to your network with an integrated 10/100Base-T Ethernet switch
- > Works with PCs and Macintosh® computers
- > Allows up to 24Mbps ADSL syn connections*

Here's what you need

- ❶ **The Central Connection Point**
The **Belkin ADSL2+ Modem Wireless 802.11g Router** is the central connection point of your wireless network.
- ❷ **For Desktop Computers**
A **Desktop Ethernet Network Card** connects a desktop computer to your network.
- ❸ **For Laptop Computers**
A **Notebook Ethernet Network Card** connects a notebook computer to your network.

* Speeds may vary depending on the distance from the exchange and availability of ADSL2+ services in your area.

Interfaces

DSL connection: 1 RJ11 port for connection to ADSL service
 LAN connection: 4 RJ45 10/100Mbps Ethernet ports for connection to local clients (auto-uplinking)

Modem Router Specifications

ADSL Standards: ITU 992.1 (G.dmt) ADSL, ITU 992.2 (G.lite) ADSL, ITU 992.3 ADSL2, ITU 992.5 ADSL2+ Annex A
 ISP Protocols Supported: PPPoE (RFC 2516), PPPoA (RFC 2364), Dynamic IP (RFC 1483 Bridge), Static IP (IPoA)
 Wired Networking Standards: IEEE 802.3 10 Base-T, IEEE 802.3u, 100Base-Tx
 Protocols Supported: TCP/IP, UDP, CSMA/CD, DHCP, AppleTalk®, IPX/SPX, NetBEUI Supported up to 253 clients
 DHCP Server: Supported up to 253 clients
 IP Sharing Method: NAT (Network Address Translations)
 VPN Pass-Through Support: PPTP, L2TP, IPSec Pass-Through
 Management: Web-based password protected user interface, SNMP Time Setting, Remote Management
 Security: NAT, SPI (Stateful Packet Inspection) Firewall, Virtual Sever Support, Client IP Filtering, Address Filtering, Virtual DMZ Support URL blocking, Access Control

LED Indicators

LEDs: PWR, LAN(1, 2, 3, 4) ADSL Sync, ADSL Data

Power Specification

Power Supply: Input: 240v, 50-60HZ
 Output: 12V, 1A

Environmental Specifications

Temperature / Humidity
 Operating: 0~40 degrees C / 10%~85% Humidity (non-condensing)
 Storage: -20~70 degrees C / 5%~90% Humidity (non-condensing)

Regulatory

CE, A-Tick

Warranty

Manufacturer's Lifetime Warranty

Technical Support

Free Tech Support: **Australia** 1800-BELKIN (1800-235 546)
