

PURE | AV™

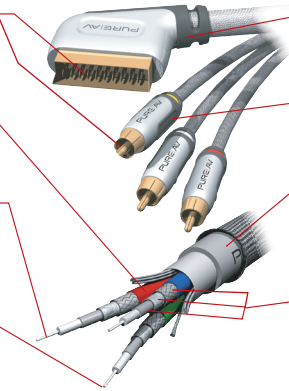

by Belkin

24k gold-plated connectors create precise contact for low loss

Precision-formulated polyethylene dielectric materials maintain stronger signals that yield superior colour accuracy and clarity

99.9997% oxygen-free PCOCC conductors and high-purity silver solder joints drastically reduce signal distortion for unrivalled image and audio clarity.

Silver-plated conductors deliver best high frequency response for optimal resolution

Integrated strain relief protects against wire damage for consistently high-quality audio and video

Non-slip rubber grip provides comfort and ease of install

Abrasion-resistant, flexible PVC jacket maintains integrity, even when bent

True 75-Ohm impedance distributes a consistent, accurate picture by providing maximum bandwidth

Triple shielding isolates from outside noise for superior clarity using:

- Carbon-filled PVC shield
- 100%-coverage aluminium/Mylar foil shield
- High-coverage, tinned, copper-braided shield.

Engineered to deliver the full potential of your home cinema components, PureAV Silver Series Interconnects capture the true sound and image experience of today's high-tech music and movies. Whether your hardware is analogue or digital, our audiophile-grade materials and proprietary technology accurately transmit each detail for the best possible audio video performance.

EN | 3 RCA to Scart cable

Standard oxygen-free copper (OFC) contains hundreds of individual copper crystals per inch, which can negatively affect signals as they pass from one crystal to another. PureAV's PCOCC process creates a single copper crystal with exceptional transmission properties.

FR | Câble RCA (3) / Péritel

Le cuivre exempt d'oxygène (OFC) régulier contient des centaines de cristaux de cuivre par cm. Ceci peut entraîner une dégradation du signal lorsque le signal passe d'un cristal à l'autre. Le procédé PCOCC PureAV élabore un cristal de cuivre unique, possédant des propriétés de transmission exceptionnelles.

DE | 3x Cinch- / Scart-Kabel

Handelsübliches sauerstofffreies OFC-Kupfer enthält Hunderte von kleinen Kupferkristallen auf jedem Zentimeter. Die Übertragung von Kristall zu Kristall kann die Signalqualität beeinträchtigen. Beim PureAV PCOCC-Verfahren wird ein einziges Kupferkristall mit außergewöhnlich guten Übertragungseigenschaften gebildet.

NL | 3xRCA-naar-scart-kabel

Standaard zuurstofvrij koper (OFC) bevat honderden afzonderlijke koperkristallen per vierkante centimeter. Signalen die van kristal naar kristal moeten overspringen, kunnen echter aan kwaliteit inboeten. De PCOCC-procedure van PureAV creëert één enkel koperkristal met uitzonderlijke transmissie-eigenschappen.

ES | 3 cables RCA/scart

El cobre libre de oxígeno (OFC) estándar contiene cientos de cristales individuales de cobre por pulgada, los cuales pueden afectar a las señales de forma negativa a medida que éstas pasan de un cristal a otro. El proceso PCOCC de PureAV crea un solo cristal de cobre con propiedades excepcionales de transmisión.

IT | Cavo da 3 RCA a Scart

Il rame senza ossigeno standard contiene centinaia di cristalli di rame per centimetro, che possono influire negativamente sui segnali mentre passano da un cristallo all'altro. Il processo PCOCC di produzione dei cavi PureAV crea un singolo cristallo di rame con eccezionali proprietà trasmissive.

Belkin Lifetime Product Warranty

For the life of the product, Belkin warrants that this product shall be free of defects in design, assembly, material, and workmanship (free replacement).

Levenslange Productgarantie van Belkin

Tijdens de levensduur van het product garandeert Belkin dat dit product vrij is van fouten in het ontwerp, de assemblage, het materiaal en de afwerking (gratis vervangend product).

Garantie à Vie du Produit de Belkin

Belkin garantit que ce produit est exempt de défaut dans sa conception, son assemblage, son matériau et sa fabrication pendant toute sa durée de vie (remplacement gratuit).

Garantía para toda la vida del producto Belkin

Belkin otorga una garantía sobre defectos de diseño, montaje, material y mano de obra (sustitución gratuita) durante toda la vida útil del producto.

Belkin Lebenslange Produktgarantie

Für die Lebensdauer des Produkts gewährleistet Belkin, dass dieses Produkt keine Entwurf-, Montage-, Material- oder Herstellungsmängel aufweist (kostenloser Ersatz).

Garanzia a vita Belkin sul prodotto

Per tutta la durata di vita del prodotto, la Belkin garantisce questo dispositivo come esente da difetti di progetto, assemblaggio, materiale e fabbricazione (sostituzione gratuita del prodotto).
