The Auto Kit connects your iPod to your car's power source, and includes an exclusive Belkin cable that charges your iPod from your car's cigarette lighter.

Our Kit also includes an adjustable amplifier and 3.5mm audio-out jack that lets you play your iPod through your car stereo or other audio equipment when using a Belkin Mobile Cassette Adapter or TuneCast II (not included).

The unit is engineered with a replaceable safety fuse to protect from potentially damaging spikes or short circuits, and an illuminated LED indicator lets you know your iPod is properly connected.

Recommended Additions:

-  F8V366eaAPL
Mobile Cassette Adapter
-  F8V235ea07GLDAP
Stereo Cable

iPod and TuneDok not included
