

Installation Instructions

1. Connect the Hub to your computer. Using the included USB Cable, connect the square USB "B" connector on the Hub to your computer's USB port. If your computer is powered on, the Hub should be immediately detected and configured.
2. Attach your devices to the Hub.
3. When connecting some full-speed devices to the Hub, make sure the device, e.g. a printer or scanner, is using its own power supply.

System Requirements

- Computer with one available USB port
- Windows® 98, 2000, Me, or XP, or Mac OS® 8.1 and higher

Package Includes

- USB 4-Port Micro Hub
