Previene accensioni/ spegnimenti accidentali

Connettore dock
Si attacca saldamente all'iPod

Ventose
Attaccano saldamente il Battery Pack all'iPod

The Belkin Battery Pack keeps the music playing by letting you power your iPod with replaceable batteries—even when your internal battery is drained. It's a great solution for long plane flights, or hikes, or for anytime you don't have access to an AC outlet.

The Battery Pack includes four standard "AA" alkaline batteries that you can simply replace when the charge is gone.

Includes 4 AA batteries

Discreet suction cups secure the unit to the back of your iPod, without marring your iPod device's finish. For your convenience, we included two spare suction cups with your purchase.

In addition, the Battery Pack provides 15–20 hours of playing time and incorporates a power-level indicator, so you can tell ahead of time when your batteries are running low, and never be caught without your tunes again.

iPod not included

3-Year Warranty
