

MICRADIGITAL

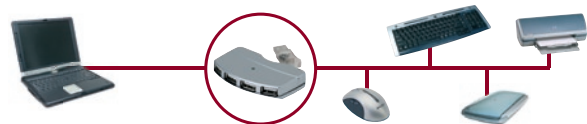

USB 4-Port Micro Hub

F5U124eaMD

Connect your digital camera, MP3 player, printer, and more to your computer

This compact Hub is lightweight and does not require a power supply. It's the perfect travel companion, designed to easily tuck into the pocket of a laptop bag. With USB connectivity, you get fast, reliable data transfers for a variety of devices.

Benefits

- Transfers files at speeds up to 12Mbps
- Installs easily to the computer's USB port

System Requirements

- Computer with one available USB port
- Windows® 98, 2000, Me, or XP, or Mac OS® 8.1 and higher

Note: For certain power-hungry devices, such as bus-powered scanners, a power supply (not included) may be needed.
