TuneCast® Auto FM Transmitter for Samsung T9

Play your Samsung T9 in the car

The TuneCast Auto FM Transmitter wirelessly connects your Samsung T9 to your car, home, or portable stereo quickly and easily. Just plug the TuneCast Auto FM Transmitter into the dock connector on your Samsung T9. Tune your stereo to any clear FM frequency, and enjoy your Samsung T9 music anywhere with full sound and fewer wires.

Benefits

- Plays, powers, and charges your Samsung T9 in your car
- Powers and charges through your car's cigarette lighter
- Shows FM frequency and battery status through LCD display
- Transmits on FM channels 88.1MHz–107.9MHz
- Easily lets you find and program the clearest frequency through 2 programmable memory preset buttons
- Includes charger and surface-mount clip for easy positioning
- Comes with a Belkin Lifetime Warranty
