*Subject to all terms and conditions contained herein, in the event of a hard drive malfunction due to the failure of the Belkin Surge Protector to protect your personal computer while it is properly connected to the Surge Protector, Belkin will provide professional data recovery services from Data Recovery Labs to salvage remaining or lost data. This warranty in no way guarantees the recovery of such lost data, and services of Data Recovery Labs will be provided only on a "best efforts" basis and only to the extent reasonable, as determined by Belkin in its sole discretion.

Belkin Components reserves the right to review the damaged Belkin Surge Suppressor, the damaged equipment, and the site where the damage occurred. All costs of shipping the Belkin Surge Suppressor and the damaged equipment to Belkin Components for inspection shall be borne solely by the purchaser. Belkin reserves the right to negotiate the cost of repairs. If Belkin determines, in its sole discretion, that it is impractical to ship the damaged equipment to Belkin Components, Belkin may designate, in its sole discretion, an equipment repair facility to inspect and estimate the cost to repair such equipment. The cost, if any, of shipping the equipment to and from such repair facility and of such estimate shall be borne solely by the purchaser. Damaged equipment must remain available for inspection until the claim is finalized. Whenever claims are settled, Belkin Components reserves the right to be subrogated under any existing insurance policies the claimant may have.

All above warranties are null and void if the Belkin Surge Suppressor in use during the occurrence is not provided to Belkin Components for inspection upon Belkin's request at the sole expense of the purchaser, Belkin Components determines that the Belkin Surge Suppressor has been improperly installed, altered in any way, tampered with, Belkin Components determines that the damage did not result from the occurrence or that no occurrence in fact took place, the repair or replacement of the damaged equipment is covered under a manufacturer's warranty, or Belkin Components determines that the connected equipment was not used under normal operating conditions or in accordance with any labels or instructions. All Belkin Surge Suppressors must be plugged directly into the power source and must not be "daisy-chained" together in serial fashion with other power strips, UPS, other surge protectors or extension cords. Any such installation voids the warranty. The Belkin Connected Equipment Warranty only protects against damage to properly connected equipment where Belkin Components has determined, in its sole discretion, that the damage resulted from an occurrence, and does not protect against acts of God (other than lightning) such as flood, earthquake, war, vandalism, theft, normal-use wear and tear, erosion, depletion, obsolescence, abuse, damage due to low voltage disturbances (i.e. brownouts or sags), non-authorized program, or system equipment modification or alteration.

This warranty contains the sole warranty of Belkin Components, there are no other warranties, expressed or, except as required by law, implied, including the implied warranty or condition of quality, merchantability or fitness for a particular purpose, and such implied warranties, if any, are limited in duration to the term of this warranty. Some states do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.

In no event shall Belkin Components be liable for incidental, special, direct, indirect, consequential or multiple damages such as, but not limited to, lost business or profits arising out of the sale or use of any Belkin Surge Suppressor, even if advised of the possibility of such damages. This warranty gives you specific legal rights, and you may also have other rights, which may vary from state to state. Some states do not allow the exclusion or limitation of incidental or consequential damage, so the above limitations may not apply to you.

This warranty is valid only for the original purchaser of the product. The original purchaser must complete and return the attached warranty card. All damage claims against the product must be made within 15 days from the date of the occurrence and must be accompanied by a receipt for the damaged equipment or the warranty is void.

Valid in USA, Canada and Bermuda.
